Description			
<p>Scenario template needs to be adjusted and tested for the new code structure of ndnSIM:</p> <ul style="list-style-type: none">• remove detection of libndn-cxx if it was enabled• check and, if necessary, adjust code to address bugs #2662 and #2663• test compilation when ndn-cxx library is not installed• test compilation when a different version of ndn-cxx library installed (to check, intentionally introduce errors in source within /usr/local/include/ndn-cxx): template should use ndnSIM-specific version
