<b>Category:</b>	Utils	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	v0.7		
<b>Description</b> boost::asio::basic_waitable_timer is the preferred base type for use with C++11 std::chrono and boost::chrono types. It's simpler to customize and saves us from having to deal with boost::posix_time conversions. <a href="http://www.boost.org/doc/libs/1_66_0/doc/html/boost_asio/reference/basic_waitable_timer.html">http://www.boost.org/doc/libs/1_66_0/doc/html/boost_asio/reference/basic_waitable_timer.html</a>
