

npchat - Task #4939

Update to Use MVVM

05/21/2019 09:20 AM - Jeremy Clark

Status: Closed	Start date: 07/01/2019
Priority: Normal	Due date:
Assignee: Ritik kumar	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version:	
Description In Ritik's GSOC proposal, he suggested we use the MVVM architectural pattern for npChat to separate interface and back-end logic.	
Subtasks: Task # 4965: Add provision for user to add multiple components to their domain Closed
